### **GET Committee to hold special meeting on enrollment, college savings plan**

**OLYMPIA** — The Guaranteed Education Tuition (GET Committee) will hold a special meeting Monday, June 17, to discuss enrollment progress and the development of a college savings plan.

The GET program allows students and families to prepay future college tuition and mandatory service and activities fees at current prices. A GET account can be used at any accredited public or private university, college, trade or technical school in Washington or throughout the country.

The 2002 Legislature authorized the GET Committee to establish a savings program that complies with the terms of Section 529 of the federal Internal Revenue Service Code. The intent of a savings program was to offer an additional opportunity to save for college costs that would complement the existing prepaid tuition program. The meeting will address the progress in developing a college savings plan.
